Analysis Advertising tracking

Use of Google Analytics 4

We use the Google Analytics web analytics service provided by Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland; "Google") on our website.

The data processing serves the purpose of analyzing this website and its visitors as well as for marketing and advertising purposes. To this end, Google will use the information obtained on behalf of the operator of this website for the purpose of evaluating your use of the website, compiling reports on website activity and providing other services relating to website activity and internet usage to the website operator. In this context, the following information may be collected, among others: IP address, date and time of page view, click path, information about the browser you are using and the device you are using (device), pages visited, referrer URL (website from which you accessed our website), location data, purchase activity. Your data may be linked by Google to other data, such as your search history, your personal accounts, your usage data from other devices, and any other data Google may have about you.

The IP address is shortened beforehand by Google within member states of the European Union or in other contracting states of the Agreement on the European Economic Area.

Google uses technologies such as cookies, web storage in the browser and tracking pixels that enable an analysis of your use of the website. The use of cookies or similar technologies takes place with your consent on the basis of § 25 para. 1 p. 1 TDDDG in conjunction with Art. 6 para. 1 lit. a DSGVO.

The processing of your personal data is carried out with your consent on the basis of Art. 6 para. 1 lit. a DSGVO. You may revoke your consent at any time without affecting the lawfulness of the processing carried out on the basis of the consent until revocation.

We also use the Google Signals service in this context. Google Signals enables cross-device tracking. Hence, your data can be analysed

across devices if you have enabled "personalised advertising" in your account settings and your end devices are linked to your Google account. This makes it possible to identify which device is searching for products and then return to complete purchases on another device, such as a tablet. The cross-device reports created in this context contain only aggregated data. We therefore only receive statistics generated on the basis of Google Signals. To prevent Google Signals from collecting and storing data across devices, you can deactivate the "personalised advertising" function in your Google Account settings. For more information, please visit <https://support.google.com/ads/answer/2662922?hl=de>. For more information on data processing and data protection for Google Signals, please visit <https://support.google.com/analytics/answer/7532985?hl=en>.

The information generated by this about your use of this website is usually transferred to a Google server in the USA and stored there. For the USA, there is an adequacy decision of the EU Commission, the Trans-Atlantic Data Privacy Framework (TADPF). Google has certified itself in accordance with the TADPF and has thus undertaken to comply with European data protection principles. Both Google and US government agencies have access to your data.

For more information on terms of use and data protection, please visit <https://policies.google.com/technologies/partner-sites> and <https://policies.google.com/privacy?hl=de&gl=de>.

Use of Meta Pixel

We use Meta Pixel from Meta Platforms Ireland Limited (4 Grand Canal Square, Grand Canal Harbour, Dublin 2, Ireland; "Meta") on our website.

Meta and we are jointly responsible for the collection of your data and the transfer of this data to Meta when the service is integrated. The basis for this is an agreement between us and Meta on the joint processing of personal data, in which the respective responsibilities are defined. The agreement is available at <https://de-de.facebook.com/legal/terms/businessstools>. According to this agreement, we are responsible in particular for the fulfilment of the information obligations in accordance with Arts 13 and 14 GDPR, for compliance with the security requirements of Art. 32 GDPR with regard to the correct technical implementation and configuration of the service, and for compliance with the obligations in accordance with Arts 33 and 34 GDPR, insofar as a violation of the protection of personal data affects our obligations under the agreement on joint processing. Meta is responsible for enabling the rights of the data subject in accordance with Arts 15-20 GDPR, for complying with the security requirements of Art. 32 GDPR with regard to the security of the service, and for complying with the obligations of Arts 33 and 34 GDPR, insofar as a breach of personal data protection concerns Meta's obligations under the joint processing agreement. The application serves to address the visitor to the website with interest-related advertising on the social networks Facebook and Instagram. We have implemented Meta's remarketing tag on our website for this purpose. This tag sets up a direct connection to Meta's servers when you visit our website. This informs the Meta server which of our web pages you have visited. Meta assigns this information to your personal Facebook and/or Instagram user account. When you visit the social networks Facebook or Instagram, you will then be shown personalised, interest-related ads.

The application also serves the purpose of creating conversion statistics. This allows us to find out the total number of users who have clicked our adverts and were forwarded to a page equipped with a conversion tracking tag as well as what actions are taken after being redirected to this website. However, they do not receive any information which could be used to personally identify users.

Your data may be transmitted to the USA. For the USA, there is an adequacy decision of the EU Commission, the Trans-Atlantic Data Privacy Framework (TADPF). Meta has certified itself in accordance with the TADPF and has thus undertaken to comply with European data protection principles.

The processing of your personal data is carried out with your consent on the basis of Art. 6 para. 1 lit. a GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal.

For this purpose, you can deactivate the remarketing function "Custom Audiences". You can find more detailed information on Meta's collection and use of data and your associated rights and options for protecting your privacy in Meta's privacy policy:

<https://www.facebook.com/about/privacy/>.

Use of Google Ads conversion tracking

Our website uses the online marketing program "Google Ads", including conversion tracking (evaluation of user actions). Google conversion tracking is a service operated by Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland; "Google").

If you click on adverts placed by Google, a cookie is placed on your computer for conversion tracking. These cookies have limited validity, do not contain any personal data and thus cannot be used for personal identification. If you visit certain pages on our website and the cookie has not yet expired, we and Google can recognise that you have clicked on the advert and were forwarded to this page. Every Google Ads customer receives a different cookie. It is therefore not possible to track cookies relating to the websites of Ads customers.

The information collected using the conversion cookie serves the purpose of producing conversion statistics. This allows us to find out the total number of users who have clicked on our adverts and were forwarded to a page equipped with a conversion tracking tag. However, they do not receive any information with which could be used to personally identify users.

Your data may be transmitted to Google LLC servers in the USA. For the USA, there is an adequacy decision of the EU Commission, the Trans-Atlantic Data Privacy Framework (TADPF). Google has certified itself in accordance with the TADPF and has thus undertaken to comply with European data protection principles.

The use of cookies or comparable technologies is carried out with your consent on the basis of Art. 25 para. 1 p. 1 TDDDG in conjunction with Art. 6 para. 1 lit. a GDPR. The processing of your personal data is carried out with your consent on the basis of Art. 6 para. 1 lit. a GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal.

You will find more information as well as Google's data privacy policy at: <https://www.google.com/policies/privacy/>

Use of Microsoft Advertising

Our website uses Microsoft Advertising from Microsoft Corporation (Microsoft Corporation, One Microsoft Way, Redmond, WA 98052-6399, USA; "Microsoft").

The processing of data serves the purposes of marketing and advertising and the purpose of measuring the success of the advertising measures (conversion tracking). This allows us to find out the total number of users who have clicked on our adverts and were forwarded to a page equipped with a conversion tracking tag. It is, however, not possible to identify this user personally through this process. Microsoft Advertising uses technology such as cookies and tracking pixels which make it possible to analyse your use of the website. If you click on adverts placed by Microsoft Advertising, a cookie is placed on your computer for conversion tracking. This cookie has limited validity and cannot be used for personal identification. If you visit certain pages on our website and the cookie has not yet expired, we and Microsoft can recognise that you have clicked on the advert and were forwarded to this page. In this process the following information, inter alia, can be collected: IP address, identifiers (indicators) assigned by Microsoft, information on the browser and device you are using, Referrer URL (website via which you accessed our website), URL of our website.

Your data may be transmitted to the USA. For the USA, there is an adequacy decision of the EU Commission, the Trans-Atlantic Data Privacy Framework (TADPF). Microsoft has certified itself in accordance with the TADPF and has thus undertaken to comply with European data protection principles.

Use of the LinkedIn Insight tag

On our website, we use the LinkedIn Insight tag from LinkedIn Ireland Unlimited Company (Wilton Place, Dublin 2, Ireland; "LinkedIn") for conversion tracking (visitor activity analysis) and retargeting (playing personalised advertisements).

The LinkedIn Insight tag places a unique LinkedIn browser cookie (conversion cookie) in your browser and allows the following information to be collected for that cookie: metadata such as IP address, time stamp and page events (e.g. page views). These cookies have a limited validity. If you visit certain pages on our site and the cookie has not expired, we and LinkedIn may recognise that you have clicked the ad and been directed to that page.

The LinkedIn Insight tag also allows LinkedIn to collect information about visits to our website, including URL, referrer URL, IP address, device and browser characteristics (user agent), and time stamps. This data is transmitted to LinkedIn, encrypted, IP addresses are truncated, and the direct IDs of LinkedIn members are removed within seven days to pseudonymise the data. This remaining pseudonymised data is then deleted by LinkedIn within 90 days. LinkedIn does not share any personally identifiable information with us, but only provides aggregate reports about the site's target group and ad performance. LinkedIn members can control the use of their personal information for promotional purposes in their account settings.

The information collected using the conversion cookie serves the purpose of producing conversion statistics. This allows us to find out the total number of users who have clicked our adverts and were forwarded to a page equipped with a conversion tracking tag.

Your data may be transmitted to the USA. For the USA, there is an adequacy decision of the EU Commission, the Trans-Atlantic Data Privacy Framework (TADPF). LinkedIn has certified itself in accordance with the TADPF and has thus undertaken to comply with European data protection principles.

The use of cookies or comparable technologies is carried out with your consent on the basis of Art. 25 para. 1 p. 1 TDDDG in conjunction with Art. 6 para. 1 lit. a GDPR. The processing of your personal data is carried out with your consent on the basis of Art. 6 para. 1 lit. a GDPR. You can withdraw your consent at any time without affecting the legality of the processing carried out with your consent up to the withdrawal.
